

JOB VACANCY:

Research position for the INTUITIVE project in the context of the Marie Skłodowska-Curie initiatives

N. REQUIRED: 1

LOCATION: Trento, (Italy); Glasgow (UK)

VALID TILL: 20th January 2020

DESCRIPTION:

INTUITIVE is an Innovative Training Network under EU H2020 MSCA that will provide a unique research training opportunity to students within the burgeoning multidisciplinary field of haptic user interfaces, touch perceptual mechanisms in the brain, artificial touch in robotics, flexible electronics and their applications in robotics and assistive technology.

The ESR position will be based at Fondazione Bruno Kessler and University of Glasgow and will further develop stress sensors based on novel soft-MEMS approach critical to detect tactile information. The successful applicants will join an existing team of PhD students and Post Docs and complement on-going research activities in system integration underway within the group. The research work will focus on:

- FEM simulation of MEMS and related packaging
- Design and fabrication of tactile sensors...

Full description of the vacancy and Requirements are available at <https://jobs.fbk.eu/>

Required:

- Master's degree in Mechanical or Electronical Engineering, Physics or equivalent;
- Eligible candidates must be Early-Stage Researchers, fulfilling the Marie Skłodowska-Curie/ITN criteria
- Experience in MEMS and/or clean room instrumentation, although not essential, would be an advantage.
- The successful candidate will be expected to work as part of an interdisciplinary team and will be required to develop a wide ranging skill set.
- All candidates are advised to visit the following website to obtain further details of the eligibility requirements for Marie Curie initiatives, see particularly page 8 to assess your criteria before making an application: https://ec.europa.eu/research/participants/data/ref/h2020/wp/2018-2020/main/h2020-wp1820-msca_en.pdf

Employment:: Fixed Term Contract 36 months full time (38h/week) starting date is within February 2020
Gross annual salary: about 34.500,00 € plus any benefits provided for the Marie Curie

HOW TO APPLY:

Candidates are required to submit their applications by filling in the online form at <https://jobs.fbk.eu/> including the following attachments (.pdf format):

- Detailed CV,
- Motivation letter specific for the position

Application deadline: 20th January, 2020
